

school-based telehealth roadmap

ASSESSMENT

Student presents with telehealth appropriate symptoms.

CONSENT

Call the parent to obtain verbal consent.

**If No,
do not
proceed**

If yes, collect all intake information & submit the Intake form.

SCHEDULING

The Telehealth team will contact the parent to complete the consent process.
Once consent has been received, you will be contacted to schedule an appointment.

**If No,
do not
proceed**

If yes, proceed to the visit.

CONDUCTING THE VISIT

- * 5-10 mins before the appointment time, log into the iPad, open the TytoCare App and enter the provider's waiting room.
- Perform the visit with optimal privacy.
- Instruct the parent/guardian to view AVS and school note in the MyChart app.
- Document result(s) by end of day on the POCT (Strep/Flu) Form found on the Nurse Resource webpage.

* If indicated, Point of Care Testing may be performed by licensed or certified personnel.
