## ABOUT OUR HOSPITAL:

Children's Health takes great pride in serving as one of the largest and most prestigious pediatric health care providers in the country and as the leading pediatric health system in North Texas. Through our academic affiliation with UT Southwestern, we are a leader in life-changing treatments, innovative technology and ground-breaking research. We are honored to be consistently recognized among the top children's hospitals in the country by U. S. News & World Report.

For more than 100 years, our mission has been to make life better for children. Since our humble beginnings in 1913 as a baby camp, we have had a long-standing commitment to our community that includes not only high-quality patient care but also advocacy, education and preventive care with an unwavering focus on our mission.

The music therapy program at Children's Health is committed to providing quality education and training to prepare interns for their careers as a music therapists. Interns are given opportunities to build independent professional skills, strengthen music therapy skills, and develop assessment and intervention skills with groups and individual patients.
